

Smart taps, smarter savings
How miscea taps revolutionise water efficiency
and hygiene

FAQs

- + Is this session being recorded? Yes, we will send a link to watch and share after the session.
- + Can I get a copy of the slides? Yes, we will send a link to download them after the session.
- + How can I ask questions? All lines are muted so please use the Q&A function, if we run out of time we will follow up with you separately.

Agenda

- + Introduction to the miscea tap range – miscea Classic, miscea Kitchen, miscea Light and the Aqualibur system
- + Why miscea is trusted in medical and hygiene-critical settings – ensuring the highest standards of cleanliness and infection control
- + How miscea taps work – the world’s first multi-fluid dispensing sensor taps for touch-free operation
- + Unique benefits for your facilities – reduce water use by up to 70%, eliminate cross-contamination, and cut maintenance costs
- + Real-world success stories – case studies from hospitals, laboratories, commercial spaces, and public facilities
- + How the Aqualibur system enhances water purification for even greater efficiency
- + Q&A session

Water Saving - Ecoprod centres around 3 pillars:

- + Use less water
- + Waste less water
- + Reuse more of the water you have

Ecoprod can help you significantly cut your water use, use less energy and reduce your carbon footprint
